

## Influenza A H1N1 (SOIV) – Information Update July 07, 2009

In an effort to keep Alberta Health Services staff and physicians informed on the developing Influenza A H1N1 (SOIV) outbreak, regular information updates will be provided through staff intranets, and made available to staff who have limited intranet access. These notices are meant to provide a consistent source of information about Alberta Health Services response to the Influenza A H1N1 (SOIV) outbreak. New information will be added to the update area on your intranets as it becomes available.

### Alberta Health Services Influenza A H1N1 Coordination Centre

To assist in addressing H1N1 response issues in a timely manner, AHS has established a Coordination Centre.

Staffs are encouraged to address issues and / or questions related to H1N1 with their Managers. The Coordination Centre is an additional resource available to Managers, Staff and Physicians for information and issue resolution on matters related to H1N1.

The Coordination Centre will provide streamlined processes for ongoing planning activities and for issues that require a priority response.
