

Physiotherapy After Hip and Knee Replacement

AHS offers funded physiotherapy for Albertans who have undergone a hip or knee replacement in the last 12 weeks*.

- To find a clinic in our directory scan the QR code or go to ahs.ca/adultrehab
- Search “Surgery- Hip and Knee Replacement”
- Enter the location where you live to find a clinic near you

Scan the QR or visit:

ahs.ca/adultrehab

* Patients who have been instructed by a physician or surgeon to begin physiotherapy after 12 weeks are encouraged to speak with a contracted clinic about service eligibility.
