Please Note:

The Provincial Teacher Resource List offers a selection of available resources reviewed by health professionals in Alberta Health Services (AHS). Teachers should always review content to determine appropriateness for their student population. If you are uncertain about the suitability of resources within your school, check with your administration.

AHS does not endorse or recommend any pharmaceutical company, commercial product, process, or service. The resources in this document are being presented as information only. This list is reviewed annually for accuracy of content.

Background

The purpose of this list is to help teachers and schools promote a Comprehensive School Health (CSH) approach in a classroom setting. CSH is an internationally recognized, evidence-based approach for building healthy school communities. A healthy school community is one that supports the wellness of all of its members (e.g., students, teachers, staff, parents, administrators, community partners) and continuously strengthens its capacity as a healthy setting for living, learning and working.

This list is organized with two different categories of resources, 'Classroom Resources' and 'Supplementary Information'. The Classroom Resources can be used by the teacher in the classroom immediately and are applicable to teaching. Supplementary Information provides resources for teachers about a specific health topic.

This list is not meant to be an exhaustive list of resources available; but a selection of available resources reviewed by health professionals in Alberta Health Services. Please check with your local AHS contact for additional resources specific to your area. To find an AHS staff member who can support you, contact cshresources@albertahealthservices.ca

Questions or comments regarding this list can be directed to cshresources@albertahealthservices.ca. Please visit the [Teaching and Learning](#) section of the Alberta Health Services, [Comprehensive School Health Website](#) to see if there is a newer version of this list available.

Comprehensive School Health

Supplementary Information for Teachers

Alberta Health Services - The Comprehensive School Health Approach

Theme:	Healthy School Communities	A healthy school community is one that supports the wellness of all its members (students, teachers, staff, and parents) and strives to be a healthy setting for living, learning, and working. This website offers resources and tools that are designed to support teachers, students, school administrators, school jurisdiction staff, health professionals, parents, and community members in building healthy school communities. www.ahs.ca/csh
Of Interest:	Comprehensive School Health, Resources and Tools	

Alberta Healthy School Community Wellness Fund

Theme:	Funding	The Wellness Fund provides grant opportunities and school health resources including the Developing Healthy School Communities Handbook / Manuel Développement de Communautés Scolaires en Santé . www.wellnessfund.ualberta.ca FRANÇAIS
Of Interest:	Grant Opportunities	

Ever Active Schools

Theme:	Physical Education, Physical Literacy, Daily Physical Activity	Ever Active Schools is a provincial organization designed to assist schools in addressing and creating healthy school communities by providing teacher resources, presentations, professional development and more. www.everactive.org LESSON PLANS
Of Interest:	Lesson Plans, Videos, Professional Development	

Joint Consortium for School Health (JCSH)

Theme:	Healthy School Communities	The JCSH, a leader in supporting Comprehensive School Health in Canada, provides information, resources and tools. www.jcsh-cces.ca FRANÇAIS
Of Interest:	Resources, Toolkits, Assessment Tools	

Classroom Resources

Active for Life Lesson Plans

Grades K-7	Theme:	Physical Education, Physical Activity, Physical Literacy	Active for Life lesson plans, and accompanying instructional and assessment videos, provide activities, tips and cues to deliver physical literacy instructions to children.
	Organization:	Active for Life	www.activeforlife.com/lesson-plans-and-resources/ LESSON PLANS FRANÇAIS

At My Best

Grades K-6	Theme:	Physical Education, Health Education	At My Best is a free, comprehensive, curriculum-supported toolkit to promote and develop children's overall wellness (physical activity, healthy eating and emotional wellness).
	Organization:	Physical & Health Education Canada	www.atmybest.ca LESSON PLANS FRANÇAIS

Be Fit for Life Resources

Grades K-7	Theme:	Physical Education, Physical Literacy, Daily Physical Activity	The Be Fit for Life Network offers a variety of resources to support teachers, coaches, recreation leaders and anyone getting kids moving. The resources and tools provide support in: developing physical literacy skills, empowering student leaders, incorporating yoga in the classroom and much more.
	Organization:	The Be Fit For Life Network	http://www.befitforlife.ca/resources/ LESSON PLANS FRANÇAIS \$\$\$

Daily Physical Activity: A Handbook for Grades 1-9 Schools

Grades 1-9	Theme:	Daily Physical Activity	This resource provides teachers and administrators with information and ideas for developing a daily physical activity (DPA) program. It contains numerous activities that can be organized by the school for small spaces, outdoors, in the gymnasium and ideas for whole school participation.
	Organization:	Alberta Education	https://education.alberta.ca/media/160222/handbook.pdf LESSON PLANS

Fundamental Movement Skills (FMS) Resource Series

Grades K-12	Theme:	Physical Literacy Physical Education	These resources aid in teaching fundamental movement and sport skills in an effective, fun and interactive manner through the use of both print handbooks and an online video collection.
	Organization:	Physical & Health Education Canada	www.phcanada.ca/store/books/fms-series-1.html LESSON PLANS FRANÇAIS \$\$\$

Classroom Resources

Heart Health: A Resource for Senior High Physical Education

Grades 10-12	Theme:	Physical Education	<p>This resource supports implementation of General Outcomes B and D in Grade 10 of the 'Physical Education Kindergarten to Grade 12 Program of Studies'. It provides eight learning opportunities that connect students with their heart-rate data and what these numbers mean for their own health and personal fitness.</p> <p>https://open.alberta.ca/publications/077854754x</p> <p>LESSON PLANS</p>
	Organization:	Alberta Education	

Passport for Life

Grades 3-6	Theme:	Physical Literacy, Physical Education, Physical Activity	<p>Passport for Life tools assess four components of physical literacy: active participation, living skills, fitness skills and movement skills. These assessment tools allow teachers to easily enter, manage and review student data online while also providing students and parents with individualized, user-friendly outputs (i.e., the Student Passport).</p> <p>www.passportforlife.ca</p> <p>FRANÇAIS</p>
	Organization:	Physical & Health Education Canada	

Physical Education Guide to Implementation

Grades K-12	Theme:	Physical Education	<p>This guide is intended to assist teachers with implementation of the prescribed outcomes in the Program of Studies for Physical Education, Kindergarten to Grade 12, so that Alberta students have the opportunities to develop the knowledge, skills and attitudes necessary to lead an active, healthy lifestyle.</p> <p>https://education.alberta.ca/physical-education/program-supports/everyone/support-documents/</p> <p>FRANÇAIS</p>
	Organization:	Alberta Education	

Recipe Card Lesson Plans for Physical Education
