

TeamCARE

Creating a Culture of Quality and Safety:
RAH PAC/POC

Here's what we did

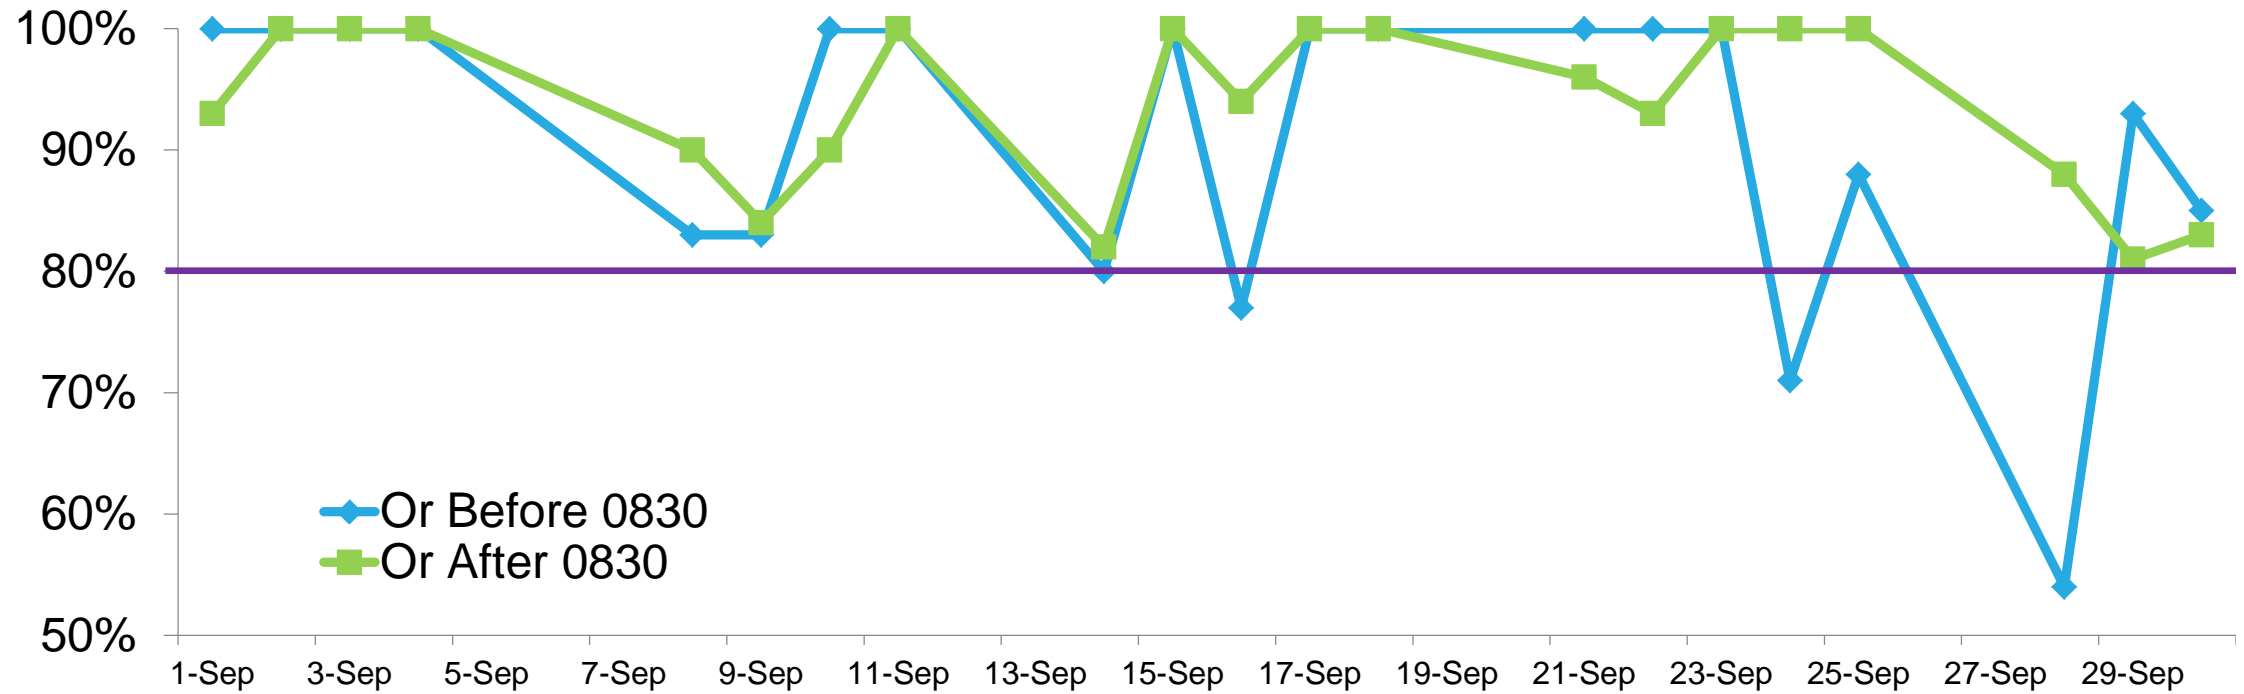

- Aim statement:

80% of the time, patients with surgery scheduled **before 830 am**, will be ready for the OR **30 minutes before** their scheduled time, and patients with surgeries scheduled **after 830 am**, will be ready **45 minutes before** their scheduled time, **by October 1, 2015**

Here's what we did

- Introduced huddles
- Changed breaks
- Improved communication with OR
- Modified nursing roles

Here's our results

Here's what we learned

Successes:

Communication

Collaboration

Identify and resolve patient safety issues

Here's what we learned

Challenges:

Tracking data before changes are made

Engaging front line staff
