### Key Messages:

- On June 15, 2015, a revised Semen Analysis Requisition became available for use for patients attending the Andrology Laboratory.

### Why this is important:

- All patients must phone 780-735-5609 extension "0" to book an appointment for the semen analysis tests indicated on this revised Semen Analysis Requisition.
- The Andrology Laboratory will no longer be accepting specimens for semen analysis on a walk-in basis.

### Action Required:

- All physician offices must inform patients requiring tests which are indicated on this revised Semen Analysis Requisition to phone 780-735-5609, extension "0" to book an appointment.
- Please complete Patient, Requestor(s) and Test Request sections.
- In the Collection section, complete the Female Partner's information only if the female is also a patient of your office.
- Ensure FAX# of ordering physician and copy to physicians is clearly indicated.
- Revised Semen Analysis requisitions are available on the following link:
