

Healthy Minds/Healthy Children Online Continuing Professional Development Program 2011-12

Managing Child and Adolescent Mental Health Issues in a Primary Care Setting. Healthy Minds/Healthy Children (HMHC) Outreach Service supports primary care providers' efforts to meet the mental health needs of children and adolescents. Our Continuing Professional Development (CPD) program is intended for primary care practitioners who see children and adolescents with mental health problems.

Objectives 1. To increase the skills and confidence of primary care practitioners to effectively address the mental health needs of their young patients; 2. To promote interprofessional dialogue among physicians and allied mental health clinicians treating child and adolescent mental health problems

Accredited By College of Family Physicians of Canada; Royal College of Physicians and Surgeons of Canada; Alberta College of Social Workers; Canadian Counselling and Psychotherapy Association; Reviewed and co-sponsored by University of Calgary Faculty of Social Work, and the Office of Continuing Medical Education and Professional Development
