Edmonton - Seasonal influenza clinics begin today across the province.

If you're in a high-risk group for complications due to influenza, you will benefit most from seasonal influenza immunization at this time.

Seasonal influenza immunization clinics are available right now, before Alberta Health Services switches to H1N1 influenza immunization clinics.

Don't miss your easiest opportunity to protect you and your family from seasonal influenza.

Check the Alberta Health Services website or your local newspaper for clinic locations and dates, or check with your physician.

For more information, go to www.albertahealthservices.ca or call Health Link Alberta at 780-408-5465 or outside the local calling area, toll-free at 1-866-408-5465.
