

Sleep Journal

A sleep journal is used to gather information about your sleep pattern. Try tracking your sleep for one week and reflect daily on your sleep. At the end of the week, determine if there are any trends in your sleep patterns or personal feelings of fatigue.

If you have concerns about your sleep or level of fatigue, contact your family physician.

Today's date	04/01/17							
1. What time did you get into bed?	11:15 p.m.
