

# Community Update:

## Fort McMurray Continuing Care Centre (Willow Square)

### Overview

- Construction of the \$102 million Willow Square Continuing Care Centre (WSCCC) is nearly complete.
- When the project is completed, Fort McMurray will have a modern continuing care centre that will help meet many community needs for seniors and residents of all ages with disabilities.
- There will be 108 beds available on opening day (36 spaces will be shelled for future development to address future capacity).
- Residents are anticipated to move in around mid-2021.
- The WSCCC is being built on 70% of the Willow Square site and the remaining 30% will be used for future developments as needed.

## Construction update

- Construction of the Willow Square Continuing Care Centre is nearing completion.
- The parkade level of the building is a work in process.
- Interior landscaping is complete with exterior landscaping mostly complete with minor landscaping work planned for next season.
- Most interior work is in finishing stages.

## What's to come

- Early 2021: Construction is expected to be completed.
- Early 2021: After construction is complete AHS will begin commissioning work which includes final cleaning of the entire building, the installation of furniture and equipment. It also includes training staff to use the new medical equipment and systems, and building systems to ensure they are working properly.
- Mid 2021: Continuing Care Centre is expected to begin welcoming residents.
