

AHS Monitoring Measures 2021-22 FY

Monitoring Measures are used internally to help inform some areas of the health system outside the Performance Measures in the AHS Health Plan and Business Plan.

Most of the reported results continue to be impacted by COVID-19.

Please use caution when comparing the results from current quarters during the pandemic with the data from previous years under normal operation.

Prepared by Data & Analytics

The Monitoring Measures report is also available as an interactive dashboard:

[AHS Monitoring Measures: Welcome: Contents - AHS Tableau Server \(albertahealthservices.ca\)](#)

Most of the reported case volumes continue to be impacted by COVID-19. Please use caution when comparing results from the quarters during the pandemic with data from the previous years under normal operation.
