Dec 19, 2016	Application Deadline
Feb 13, 2017	Notification of awards

Submit completed application by the indicated deadline electronically to Katherine.Rittenbach@ahs.ca

Description

The Addiction & Mental Health SCN (AMH SCN) in partnership with the Mathison Centre for Mental Health Research & Education and the Neuroscience and Mental Health Institute are pleased to announce the 2016 Clinical Connections Grant funding competition designed to:

- foster and strengthen connections between basic scientists and clinicians/clinician scientists
- encourage translational projects
- improve the quality of care for Addiction and/or Mental Health patients in Alberta.

The maximum amount of a single award is \$30,000. The total amount of funds available in this competition is \$60,000. One grant will be awarded to an investigator at the University of Calgary who is a member (full or associate) of the Mathison Centre for Mental Health Research & Education and one to an investigator at the University of Alberta who is a member of the Neuroscience and Mental Health Institute. The grant is non-renewable.

Eligibility

Projects must be led by a Principal Investigator at either the University of Alberta or the University of Calgary

A member of the research team must be a member (full or associate) of the Mathison Centre for Mental Health Research & Education or the Neuroscience and Mental Health Institute

A member of the research team must be a clinician affiliated with AHS
