## **BONE & JOINT HEALTH STRATEGIC CLINICAL NETWORK (BJH SCN)**

## Summary: Transformational Road Map 2020-2025

## From illness to wellness - keeping Albertans moving across their lifespan

**AHS Vision** 

Healthy Albertans. Healthy Communities.

**BJH SCN Vision** 

Keeping Albertans moving.

**BJH SCN Mission** 

To create a person-centred, integrated system to optimize bone and joint health of Albertans by working together with our partners.

The goal of the Bone & Joint Health SCN is to transform the way bone and joint care is delivered to Albertans. Within a transformed bone and joint care system, Albertans will be supported across the full continuum of care from prevention to end stage care. Our focus is increasingly turning to important areas upstream in the care continuum and in community, to more effectively support Albertans across all stages in their bone and joint health journey.

The Bone & Joint Health SCN is a community of people who are striving to promote good bone and joint health, prevent injuries and conditions from developing, empower Albertans to self-manage their conditions, and provide the highest quality health care across the six dimensions of quality (accessibility, acceptability, appropriateness, safety, effectiveness, and efficiency) ensuring our community has access to that care at the right time, by the right provider. Through the development of the 2020-2025 roadmap, we heard what is important to our stakeholders and as a community, are committing to be guided by the following principles:

## Bone & Joint Health SCN Guiding Principles

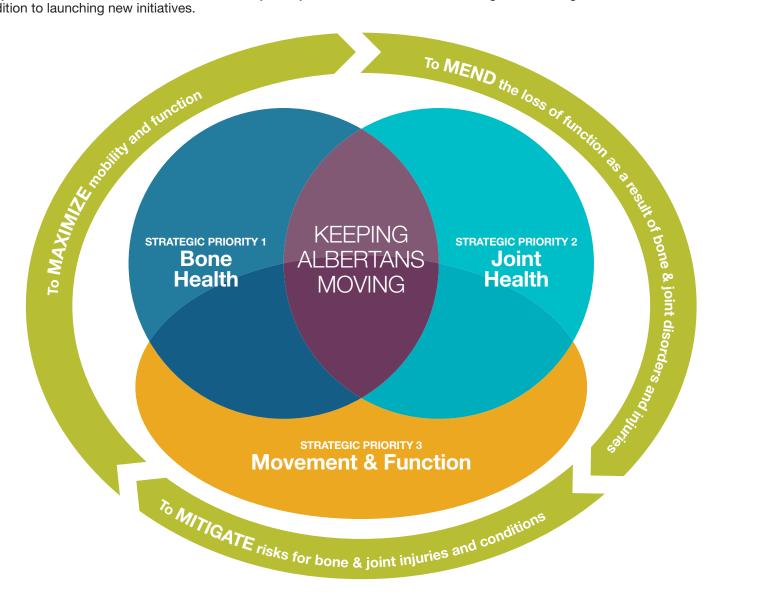

The Bone & Joint Health SCN 2020-2025 Roadmap will focus on three priority areas to keep Albertans moving. The actions within each priority area will strive to MAXIMIZE mobility and function, to MEND the loss of function as a result of bone and joint disorders and injuries, and to MITIGATE risks for bone and joint injuries and conditions. We will align our existing work with these three areas in addition to launching new initiatives.
