

## ***Delirium and Beyond***

### **Objectives:**

1. Promote collaborative learning by sharing successes & challenges experienced & highlights of work to date.
2. Provide opportunities for networking & peer consultation.
3. Participate in Advancing Practice Sessions & incorporate learnings into unit specific sustainability strategies.
4. Review improvement strategies utilized & identify areas of opportunity through team discussions. Develop action plans for sustaining the quality improvement gains to date and continued implementation of additional delirium related critical care best practices.
