

Bringing Lung Test Results onto Netcare

45,163 lung test reports added*, with 221,226 views of those reports from within Netcare

- Currently 24 facilities connected and growing
- Standardized templates support ease of viewing and decision-making
- **Average of 5.4 views per report**

*Dec. 2018– Oct. 2022

Average turnaround time* of **2.8 days** among all newly reporting facilities combined**

- Achieving better than provincial accreditation target of 7 days
- **Many facilities consistently achieve 0-1 day**

* Turnaround time is defined as: From time test is performed until interpreted report is available in Netcare

** Dec. 2018 to Oct. 2022

*“The ability to access PFT’s on Netcare reduces the amount of phone calls and emails received by the clinic/nurses/physicians trying to locate PFT results, therefore improving our workflow”
(Medical Director)*

*“All physicians across Alberta can see results, less double booking”
(Medical Resident)*
