

# Calling Patients and Families With Respiratory Services Experience

The **Medicine Strategic Clinical Network (MSCN) Respiratory Health Section** is seeking patients and/or family members with respiratory services experience (e.g. asthma; chronic obstructive pulmonary disease (COPD); sleep apnea; lung infections) to:

- Participate in flexible volunteer advisor capacities such as working groups and other consultative processes.
- Use your skills and knowledge to help improve the care for those living with lung diseases.
- Share your experience and insights.
- Advise on ways the health care system can improve.

If you are interested, contact us at
