

Aims:

Create healthy communities to support Albertans

Empower Albertans with the skills & expertise to stay healthy

Improve patient experience

Provide the best healthcare for generations to come

Ensure value from every healthcare dollar spent

Who's Involved?

- Patient & Family Advisors
- Communities & Indigenous peoples

- Healthcare Providers
- Researchers
- Policy Makers

Transformational Roadmap Summary

Repetitive Transcranial Magnetic Stimulation (rTMS)

A non-invasive, safe and effective treatment that relieves depressive symptoms, that will be implemented in all five zones and supported by provincial reporting and evaluation

Stroke Action Plan

Implementation of SAP at 13 Primary Stroke Centres ensures stroke patients in small urban and rural settings receive the same level of care delivered in larger centres

Healthy Mothers, Newborns, Children, Youth and Families

Success include \$5 million savings from new approaches to assessing risk of preterm birth and the implementation of normal partum & Newborn clinical pathways at 46 / 50 hospitals

Starting dialysis on Time, At home, on the Right Therapy

The START project is an initiative that aims to maximize the safe and effective use of peritoneal dialysis, and ensure patients are starting dialysis at the appropriate time

GLA:D™ Canada in Alberta

An education and supervised exercise based program to increase physical activity, reduce pain and painkiller medication use for Albertans with hip and/or knee osteoarthritis

Provincial ICU Delirium Initiative

A collaboration to improve assessment, prevention and management of pain, agitation and delirium in all of Alberta's adult and pediatric intensive care units (ICUs)

From 2018-2021, the Surgery SCN will strive to:

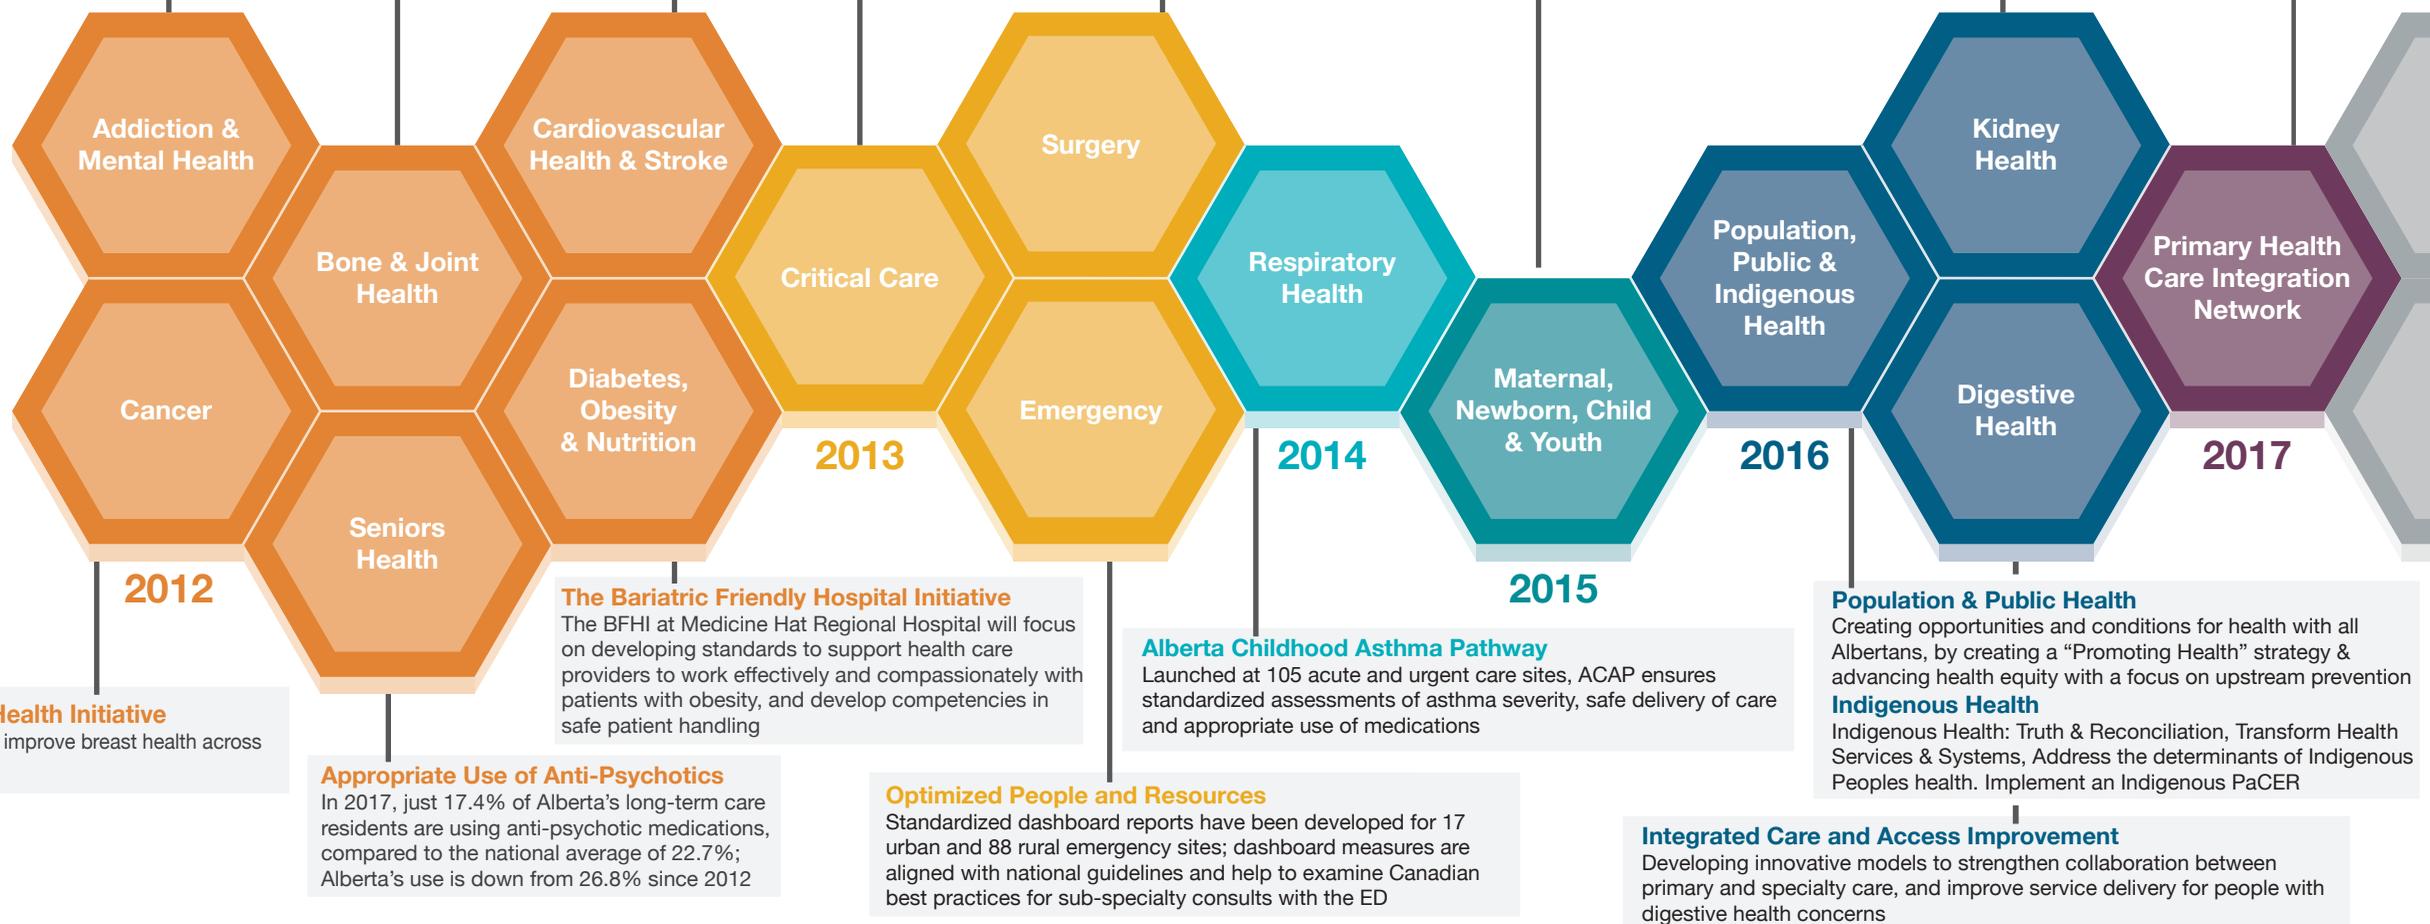

- Improve access to integrated surgical care
- Provide safe, high quality surgical care
- Build a strong surgical community

Connecting Research, Leading Practice and System Re-Design

The PHCIN will facilitate new and innovative ways of delivering care by working with partners to find solutions for common challenges in Alberta's health care system that fit within local contexts

Goals:

- Aligned: Vision Mission Values
- Quality & Safety
- Shift to Community
- System Integration
- Innovation
- Community Involvement
- Quadruple Aim
- Re-investment/ re-allocation
