

## Dr. Linda Lee

Dr. Linda Lee is a family physician, Director of the Centre for Family Medicine Memory Clinic, Schlegel Research Chair in Primary Care for Elders at the Schlegel-UW Research Institute for Aging, and Associate Clinical Professor in the Department of Family Medicine at McMaster University. She has developed a Primary Care Memory Clinic model and Training Program which has assisted 78 other primary care settings in Ontario to develop new Memory Clinics.

In recognition for her leadership in helping to improve the care of seniors with memory disorders, Dr. Lee was named the 2009 Regional Family Physician of the Year by the Ontario College of Family Physicians. Also in 2009 she was awarded the Individual Achievement Service Award for Geriatric Excellence by the Regional Geriatric Program of Hamilton Health Science. In 2012, she was named McMaster University Department of Family Medicine's Outstanding Researcher, and she received the Association of Family Health Teams of Ontario 2012 Bright Lights Award for Outstanding Achievement in Improving Patients' Experience of Care. In 2014, she was awarded the Ontario Minister's Medal Honouring Excellence in Health Quality and Safety. In 2015, she was the recipient of the Canadian Institutes of Health Research (CIHR) Institute of Aging Betty Havens Award for Knowledge Translation in Aging.

Dr. Lee completed her medical school training at Western University and training in Family Medicine at Queen's University. She subsequently received a Masters of Clinical Science in Family Medicine degree at Western University. Dr. Lee has practiced family medicine in Kitchener-Waterloo, Ontario, since 1988, and has Care of the Elderly certification through the College of Family Physicians of Canada.
