Your Opportunity:
Working with surgery patients during the post-anesthetic phase, the incumbent performs a variety of nursing duties by administering safe and effective nursing care according to hospital policies and nursing care standards. The incumbent must demonstrate a professional, positive attitude. Excellent communication, teaching, organizational, problem solving, and interpersonal skills are required. As a member of the multidisciplinary team, the incumbent must have the ability to recognize and assist with management of post-anesthetic/surgical problems. The Women's Post-Anesthetic Care Unit provides post-anesthesia care to high acuity patients who have undergone a variety of major surgeries including...
