### Lesley Pritchard-Wiart, PhD, PT

- Assistant Professor, Faculty of Rehabilitation Medicine, Department of Physical Therapy, University of Alberta
- Research Affiliate, Glenrose Rehabilitation Hospital

Dr. Lesley Wiart is an Assistant Professor in the Faculty of Rehabilitation Medicine in the Department of Physical Therapy at the University of Alberta. Her research interests are focused on evaluation of pediatric rehabilitation interventions and service delivery, particularly related to community participation and inclusion,

how family experiences can inform the design, delivery and evaluation of rehabilitation services, and the effects of collaborative goal-setting on child and family outcomes.

### Inspiration/Vision Statement:

To improve the lives of children with motor disabilities and their families by informing rehabilitation interventions and processes of care through research.
