

Glenrose Rehabilitation Hospital Process to Conduct Research

Step 1

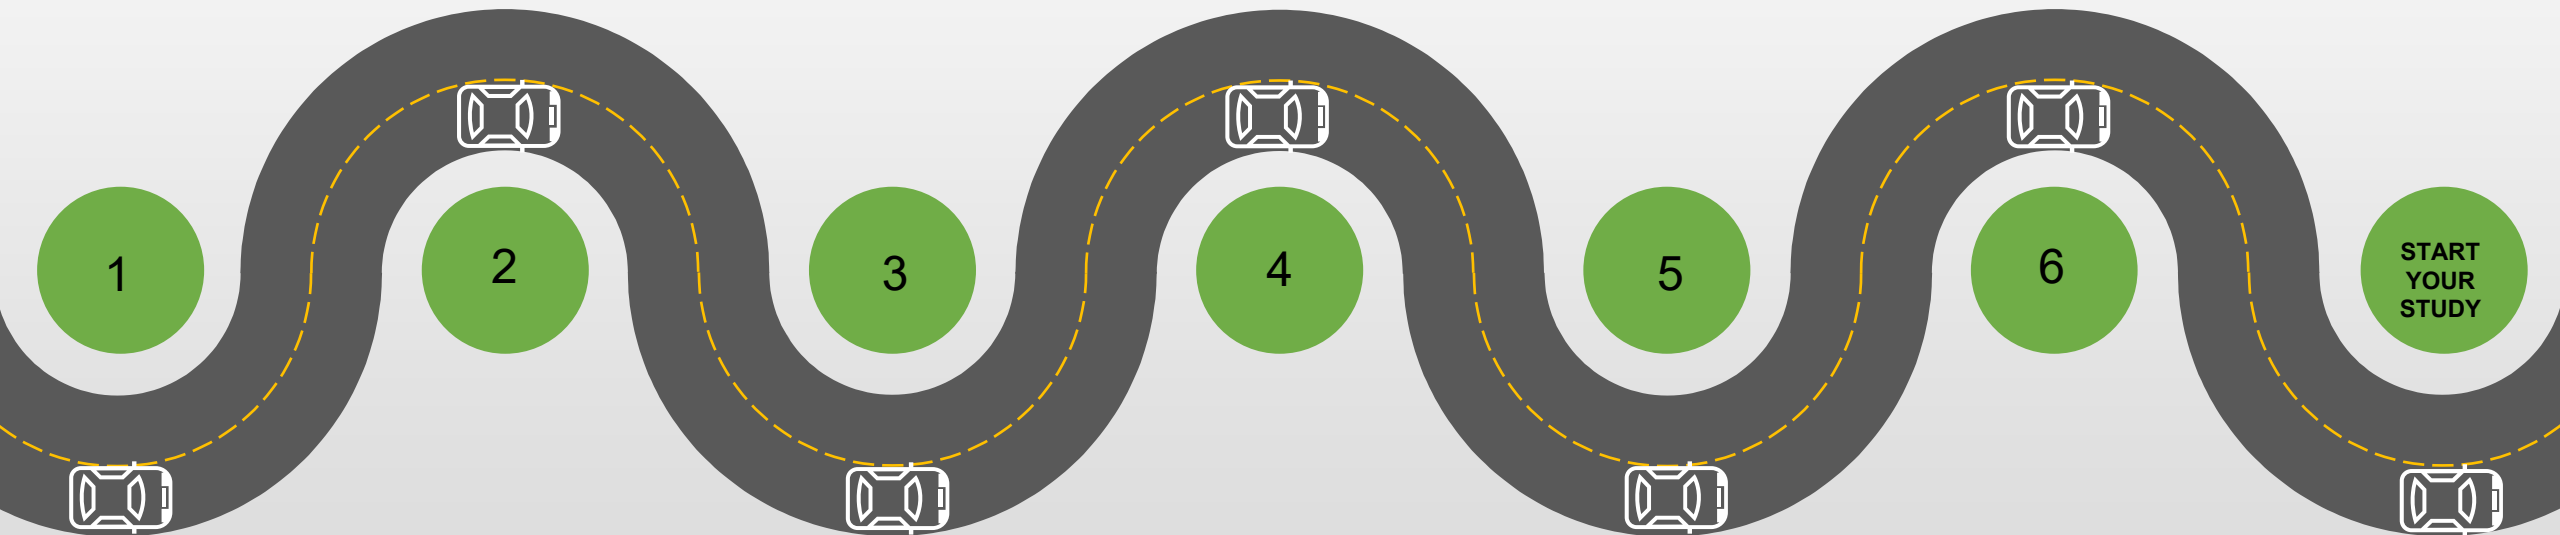

Submit [GRH Intent to Conduct Research](#) (ICR) Form.

Step 2

Apply for Ethics Approval through Research Ethics Board (REB) ([ARISE Online System](#)).

Step 3

Submit Application for AHS Administrative Approval ([NACTRC](#)).

Step 4

Complete & Submit GRH Site Application for Operational Approval.

Step 5

If study is REB-approved and access to AHS health info, data systems, access to operational areas or purchased services are required, complete [HSA Questionnaire](#).

Step 6

AHS Administrative ★ Approval is provided only when all approvals are in place (ethics approval, GRH operational approval and if required, a Data Disclosure Agreement). Only then, can the PI begin the research study.
