Alberta Health Services (AHS) Lethbridge Overdose Prevention Site (OPS) Good Neighbour Commitment

Alberta Health Services (AHS) Lethbridge Mobile Overdose Prevention Site (OPS)

AHS provides evidence-based intervention services within a recovery-oriented system of care at the Overdose Prevention Site (OPS) in Lethbridge. Staff provide supervision and support to clients consuming substances, and pathways to addiction treatment and other recovery-oriented services. The OPS has been operating outside of the Lethbridge Shelter since August, 2020. The site operates from 8 a.m. to 4 a.m. (the following day) seven days a week.

Services offered at Lethbridge OPS include but are not limited to:

- Overdose prevention and response
- Addictions Counselling
- Case management
- Referrals and community connection
- Harm reduction education and supply distribution
- Naloxone kit teaching and distribution
- Wound care

**Goals of the commitment**

This document is intended to illustrate AHS’ commitment to ongoing engagement and communication with community members and organizations, and to provide information on how neighbours and key stakeholders can bring forward concerns to be addressed with regard to operations of the OPS.

AHS is committed to:

- Ensuring lines of communication remain open between key partners, neighbours and site staff.
- Creating opportunities for regularly scheduled engagement where stakeholders can feel safe and respected to engage in discussions.
- Scheduling additional meetings with appropriate stakeholders as needed to address concerns brought forward.
- Addressing concerns raised by Neighbours and key stakeholders that are within the scope of AHS’ mandate in a timely manner.
- Sharing concerns not within the scope of AHS’ mandate with the appropriate individuals and organizations, while remaining involved in resolution as appropriate.
- Sharing timely communications with stakeholders regarding any operational changes at the OPS.
- Sharing the process for search and collection of discarded drug consumption supplies.

**AHS acknowledges that we share a common desire with stakeholders to:**

- Create a safe Neighbourhood.
- Understand the scope and role of each organization and stakeholder in fostering and creating a safe community.
- Ensure respectful, open and timely communication.
- Engage in timely and productive discussions to resolve disputes and common issues facing interested and impacted parties.
- Meet regularly and as frequently as needed to address concerns.
Communication and engagement plan:

At a minimum, AHS will host a session once per year to provide an opportunity for stakeholders to meet one another; share updates related to the OPS in the community; share concerns; and work together to develop solutions.

Additional meetings will be held as issues arise, or as requested by stakeholders, to address concerns and develop solutions.

The AHS OPS Manager will be in contact with stakeholders periodically to inform of any operational changes (as appropriate), and to receive feedback.

AHS will participate/communicate via existing community mechanisms to provides updates as requested and appropriate (i.e. – related committees).
