

Safeworks Monthly Report – May 2021 Supervised Consumption Services

June 15, 2021

Background

Safeworks Supervised Consumption Services (SCS) launched on October 30, 2017 in a temporary facility at the Sheldon M. Chumir Health Centre with a federal exemption to the Controlled Drugs and Substances Act from Health Canada. On January 15, 2018, the temporary facility closed, and the permanent facility inside the Sheldon M. Chumir Health Centre opened for operations. On April 30, 2018, Safeworks began offering services 24 hours, 7 days a week.

Service Uptake

From the start of operations on October 30, 2017 to May 31, 2021, Safeworks SCS had **196,660 client visits**. In May 2021, the site saw **492 unique individuals** in **4,073 visits** with an average of 131 visits per day.

Uptake of services recently declined during the spring COVID-19 response. In response to COVID-19 public health recommendations, Safeworks SCS decreased booth capacity from six booths to three booths on March 19, 2020. On July 20, 2020, booth capacity was increased back to six booths with the proper infection control measures in place. Due to the rise in COVID-19 cases in the fall, booth capacity was reduced again to three on November 10, 2020, and remains in place.

Drug Use and Overdose Prevention and Response

In May 2021, drugs were consumed on site under the supervision of registered nurses (RNs) or paramedics **3540 times**. With each client who uses drugs by injection, RNs and paramedics are available to provide education on vein care, infection prevention, and injection technique. In May, there was 335 instances of intranasal use (snorting).

The most frequently reported drugs used in May 2021 were methamphetamine (1518 times) and fentanyl (1314 times).

Overdose response kits (containing Naloxone) and overdose prevention education are offered to all clients accessing Safeworks SCS. In May 2021, SCS staff distributed **370 overdose response kits**.

Since operations began on October 30 2017 to May 31 2021, Safeworks staff have responded to a **total of 2,806 overdoses**.

In May 2021, Safeworks staff responded to **138 overdoses**. Of these, 138 required supplemental oxygen, 25 required naloxone and 5 also required an EMS response.

Table 1: Safeworks SCS Summary of Visits and Overdoses by Month in the past 12 months

Month	Number of client visits	Number of times drugs consumed	Number of Overdoses	Overdoses per number of times drugs consumed
May 2020	4117	3537	52	1.47%
Jun 2020	3978	3382	42	1.24%
Jul 2020	3444	2965	63	2.12%
Aug 2020	3526	3003	50	1.66%
Sept 2020	3669	3210	82	2.55%
Oct 2020	3850	3427	81	2.36%
Nov 2020	3852	3555	78	2.19%
Dec 2020	3778	3467	69	1.99%
Jan 2021	3865	3580	104	2.91%
Feb 2021	3340	3052	89	2.92%
Mar 2021	4083	3616	104	2.88%
Apr 2021	4073	3594	85	2.37%
May 2021	4073	3540	138	3.90%

Wrap-Around Care and Referrals

To provide streamlined access to specialized care, Safeworks SCS has partnerships with both AHS programs and external community partners. In May 2021, Safeworks made 72 referrals.

Table 2: Safeworks SCS Summary of Referrals by Month in past 12 months

Month	Social Work Referrals	ODP Referrals	Other * Referrals	Treatment/ Detox	Shelter/ Housing	Urgent Care	Total Referrals
May 2020	10	6	90	7	14	18	145
Jun 2020	9	8	70	4	9	8	108
Jul 2020	9	6	50	8	17	10	100
Aug 2020	9	5	82	13	13	9	131
Sept 2020	12	3	87	15	13	8	138
Oct 2020	7	5	67	22	10	12	123
Nov 2020	2	2	72	8	3	8	95
Dec 2020	0	1	75	4	1	9	90
Jan 2021	6	3	52	7	3	14	85
Feb 2021	2	1	93	5	3	14	118
Mar 2021	0	5	63	3	3	10	84
Apr 2021	2	1	55	6	3	6	73
May 2021	2	3	57	3	1	6	72

*Other includes referrals made to a variety of programs, including iOAT, The SORCE, and Community Paramedics.
