The Readiness Playbook is being released in six chapters starting approximately a year before launch and carrying through implementation and optimization. It includes the information and tools needed to organize and track key readiness activities for you and your teams. It includes things like tools, templates, tips, and a monthly recommended task list to help get ready for Connect Care. The Playbook is mainly focused on operational readiness, the portions that are of particular interest for physicians are highlighted.

The first chapter (Foundational Readiness) for wave 1 was released on Nov 7. It is published on Insite, together with videos from the Wave 1 Leader Orientation Session in Edmonton:
