

Calgary Zone Medical Staff Newsletter –May 2019

Connect Care Update

Connect Care will be introduced in a series of phases, called “waves”. The second wave includes the rural acute and urgent care centers as well as the two urban urgent care centers in Calgary.

Some key dates for Wave 2 physician training are:

Area Trainer and Super User Recruitment	June – September 2019
Area Trainer Training	November 2019
Super User Training	December 2019 - February 2020
End User Physician Training:	
- Basic	January – February 2020
- Personalization	February 2020
- Optimization	April 2020

Physicians who occasionally do patient care in a rural facility may need training for Wave 2. In the coming two months the numbers of physicians that need training will be validated through the Department Heads.

When recruitment for Wave 2 starts we will send communication out. In the meantime, for more information or for nominations email Cmio.caz@ahs.ca.
