

Community Providers:

Take action to receive results without delay

Make sure the following information is included on all lab, microbiology, pathology & imaging requisitions to prevent delays in results delivery.

- Authorizing provider's full name
- Clinic name
- Address
- [Submitter ID](#) (for labs)
- [Department ID](#) (for AHS DI)
- [Provider ID](#) (for ordering provider)
- All pertinent clinical information

Update AHS if contact/eDelivery information changes or providers join or leave your clinic (ahs.ca/frm-21762.pdf).

Community providers will continue to receive some clinical documentation via their EMR, mail and/or fax.

If you work at more than one clinic, courtesy copies (cc:) may only go to a single default location.
