

EMERGENCY *(Patient needs to be seen immediately)*

- Hemoptysis (Active & ≥ 2 TBSP per day)
- Hypoxemia (if resting O₂ SAT $\leq 85\%$)
- Pulmonary embolism (Acute - known or suspected)

Refer directly to the emergency department or Call RAAPID (South: 1-800-661-1700) and ask for respirologist on-call.

For same day advice, call Specialist Link (M-F: 8am to 5pm); after hours call RAAPID and ask for respirologist on-call.

- Known or suspected active tuberculosis

Call the Calgary TB Clinic immediately during normal business hours (PH: 403.944.7660 | Monday to Friday: 8:00am to 4:30pm)

OR

Call RAAPID (South: 1-800-661-1700) and ask for the TB doctor on-call.

ASK FOR ADVICE *(Specialists provide advice to physicians for non-urgent questions.)*

eReferral Advice Request (Long COVID-19 only)

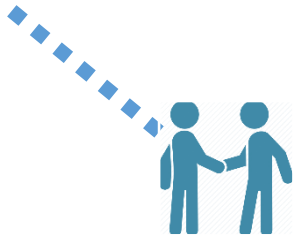

www.albertanetcare.ca/ereferral.htm

Log into Alberta Netcare and submit your questions with any pertinent documents electronically. Get a response within 5 calendar days.
