3. Click **OK** to select the **QuRE Generic Referral Form**. It will now be part of the patient's chart, with the patient and physician's demographics automatically populated. Complete it as required.
4. To save as a PDF, click the **Print** button.

5. From the **Print** selection window, choose **Healthquest\_PDF\_printer** and then press **OK**. You will be prompted to save the generated PDF to your computer.

6. Locate the file on your computer. You can now attach it to an Alberta Netcare eReferral request in the typical way.
