

PROCEDURE DICTIONARY EDITS APPLICABLE TO OPERATING ROOM

Users with Enter/Edit access are entrusted to protect the integrity of this provincially standardized dictionary and only edit the fields highlighted

- Edits to procedure names or creating new procedures are **not permitted**.
- Audits are performed to monitor this activity and users will be contacted
- Changes made to this dictionary will be reflected on future cases and do not impact currently scheduled/waitlisted cases
- CDS tab may have elements in the future that the site can edit. CLRH is currently permitted to edit their site specific fields on this tab.
- **Yellow Highlight** means the site can manage the content in this field
- **Red X** means the site must avoid changing or adding anything to these fields

In the **Mnemonic** field: Find the OR procedure using an F9 look up or a string search ("S/" + 4 characters, then F9)

Schedule Instructions

These are instructions you can see at the time of scheduling the case.
 E.g. Don't book more than two of these in a day

Patient Instructions

Physician

These are instructions you can link to a specific surgeon.
 E.g. Dr. Smith always uses an assistant.
