

Puzzle #6: Cryptogram

Clean Your Hands Day 2022

How to play

To solve this cryptogram to find the hidden message, each letter has been assigned a number from 1 – 26; in this puzzle some letters are given to you.

For example, the number “20” represents the letter “E” so each blank with the number “20” is representing the letter “E”.

Can you figure out which numbers represent which letters in the rest of the blanks to find the hidden message?
