## Hand Hygiene Scenario

.....  
**Are you an expert Hand Hygiene Reviewer? Keep your knowledge topped up with this scenario!**

You observe a Nurse in the hallway working on a computer station. The Nurse performs hand hygiene, dons a pair of gloves, and then dons a second pair of gloves over the first pair. The nurse then enters a patient room and begins working with patient, repositioning them. After repositioning the patient, the nurse doffs one layer of gloves and begins to check an existing surgical dressing.

## iPad Update Version 1.5.5

This April a new iPad update has launched for the Clean Hands System iPad app. Due to this update you may be experiencing technical issues with your iPad if your iPad is now out of date. You can find more information on how to update your iPad in the [iPad information document](#) located on the hand hygiene webpages.

A major feature of the update is that you now need your Portal Login to perform reviews. If you have forgotten your USER ID or password, you can retrieve them on the iPad sign in page.
