

WARDSTOCK Medication List

The following items may be stocked at a Calgary Zone Type A Continuing Care Home (CCH) pursuant to an order or order protocol. In situations where the drug product is used less than monthly, the Pharmacy and Home may jointly decide to not stock the item. In such a case, the drug product would be supplied resident-specific. Any additional requests for wardstock items should be made through the Calgary Zone Type A CCH Pharmacy and Therapeutics Committee.

Product Description	Reference Trade Name	Route	Comments
acetaminophen 650 mg suppository	Abenol	rectal	
bisaCODyl 10 mg suppository	Dulcolax	rectal	
carboxymethylcellulose sodium 1% (preservative-free) minims	Refresh Celluvisc	ophthalmic	Restricted RS-11 for short-term or intermittent use
diclofenac diethylamine 2.32% topical gel	Voltaren Emulgel Extra Strength	topical	Restricted RS-11 when pulled from wardstock, assign tube patient-specific and request replenishment
dimenhyDRINATE 25 mg suppository	Gravol	rectal	
glycerin suppository	glycerin	rectal	
mineral oil (heavy)	Mineral Oil Heavy	otic	for sites with limited space for resident-specific
nicotine 7 mg/hr transdermal patch	LCA	topical	*or alternate strength
nitroglycerin 0.2 mg/hr patches	Nitro-Dur, Minitran	topical	for sites with limited space for resident-specific
nitroglycerin 0.4 mg/hr patches	Nitro-Dur, Minitran	topical	for sites with limited space for resident-specific
nitroglycerin 0.6 mg/hr patches	Nitro-Dur, Minitran	topical	for sites with limited space for resident-specific
nitroglycerin 0.8 mg/hr patches	Nitro-Dur, Minitran	topical	for sites with limited space for resident-specific
polyethylene/ propylene glycol nasal gel	Secaris	topical -nasal	stock size limited to 5 gm tube
sodium phosphate dibasic 0.06g/mL * sodium phosphate monobasic 0.16g/mL	Enemol, Fleet Enema	rectal	
acetaminophen 160 mg/5mL oral solution	Pediatrix	oral	for residents unable to take whole or crushed
acetaminophen 325 mg	Tylenol	oral	
acetaminophen 500 mg	Tylenol	oral	
aluminum hydroxide 40mg/mL * magnesium hydroxide 40mg/mL	Almagel	oral	
aluminum hydroxide 40mg/mL * magnesium hydroxide 40mg/mL * simethicone 5mg/mL	Almagel Plus	oral	
bisaCODyl 5 mg	Dulcolax	oral	
calcium carbonate 750 mg chewable (equiv. to 300 mg elemental calcium)	Extra Strength Tums	oral	
dextromethorphan 15 mg/5mL oral solution	DM (e.g. Bronchophan Forte DM, Benylin DM)	oral	
dimenhyDRINATE 50 mg	Gravol	oral	
diphenhydrAMINE 25 mg	Benadryl	oral	
guaifENesin 100mg/5mL liquid	Bronchophan, Robitussin Mucus & Phlegm	oral	
ibuprofen 200 mg	Advil, Motrin	oral	
lactulose 667 mg/mL	Chronulac	oral	
loperamide 2 mg	Imodium	oral	
magnesium hydroxide 400mg/5mL	Milk of Magnesia	oral	
nicotine 2 mg lozenge	Thrive	oral lozenge	
oseltamivir 30 mg	Tamiflu	oral	for sites using stock distribution process
oseltamivir 75 mg	Tamiflu	oral	for sites using stock distribution process
polyethylene glycol (PEG) 3350 17g/dose	Lax-a-Day, Restoralax	oral	
potassium chloride 20mEq/15mL oral solution	Potassium Chloride 1.33 mEq/mL	oral	6 mL = 1 potassium chloride 8 mEq sustained release tablet or capsule 15 mL = 1 potassium chloride 20 mEq sustained release tablet
psyllium mucilloid powder	Metamucil	oral	for sites with limited space for resident-specific
sennosides 8.6 mg	Senna	oral	
sodium polystyrene sulfonate	Kayexalate	oral	for sites with limited space for resident-specific
valproic acid 250 mg/5mL oral liquid	Depakene	oral	for sites with limited space for resident-specific

STATBOX Medication List

Statbox items are intended for immediate/emergency use and should be followed with patient specific product as required.
Each Type A Home should carry one main statbox of the required items, and may add the non-required stock items at the Home's discretion.
Additional smaller satellite statboxes may be necessary on specific units, depending on the size and needs of the LTC Home.
Minimal quantities should be kept on hand to avoid overstock: 5-15 doses for solid oral dosage forms, 1-2 units of other items.

Product Description	Reference Trade Name	Route	Restrictions	Required as stock
atropine 1% (5mL size, or Minims)		ophthalmic or oral-lingual	may be used on the tongue for palliative care	COVID-19 optional
dexAMETHasone 0.1% / tobramycin 0.3% eye drops	Tobradex	ophthalmic		
dexAMETHasone 0.5mg/mL / framycetin 5mg/mL / gramicidin 0.05 mg/mL eye/ear drops	Sofracort	ophthalmic otic		
glucagon nasal powder 3mg intranasal device	Baqsimi	intranasal	Restricted RS-11, may stock once site transitions from injectable •Max. 1 per main statbox	yes
ipratropium 20 mcg/spray MDI	Atrovent	inhaled		
ipratropium 250 mcg/mL nebules	Atrovent	inhaled	Restricted RS-21 • all nebulized therapy subject to 72 hour autostop	
Optichamber with mask		device	•size medium or large	
polymyxin B 10 000 unit/g * bacitracin 500 unit/g ointment	Polysporin, Polytopic	topical		
polymyxin B 10 000 unit/g * bacitracin 500 unit/g eye ointment	Sterisporin	ophthalmic		
polymyxin B 10 000 unit/mL * gramicidin 0.025mg/mL eye/ear drops	Polysporin, Optimixin	ophthalmic otic		
salbutamol 100 mcg/spray MDI	Ventolin	inhaled		
salbutamol 1 mg/mL nebules	Ventolin	inhaled	Restricted RS-21 • all nebulized therapy subject to 72 hour autostop	
tobramycin 0.3% eye drops	Tobrex	ophthalmic		

Product Description	Reference Trade Name	Route	Restrictions	Required as stock
atropine 0.6 mg/mL (1 mL size)		injection		
cefTRIAxone 1 g/vial		injection	Limit 1 per main stat box	
dexAMETHasone 10 mg/mL (1 mL size)		injection		
dimenhydrINATE 50 mg/mL (1 mL size)	Gravol	injection		
diphenhydrAMINE 50 mg/mL (1 mL size)	Benadryl	injection		
epiNEPHrine 1 mg/mL (1 mL size)	Adrenaline	injection	•Max. 2 amps/vials per nursing unit ♦High Alert Medication	yes
furosemide 10 mg/mL (2 mL size)	Lasix	injection		
haloperidol 5mg/mL (1 mL size)	Haldol	injection		
insulin aspart (Trurapi) 100 units/mL pre-filled OR insulin lispro (Admelog) 100 units/mL pre-filled	Trurapi Solostar OR Admelog Solostar	injection	♦High Alert Medication Limit 1 per statbox, option to carry only 1 product specific rapid-acting insulin.	
insulin glargine (Semglee) 100 units/mL pre-filled pen	Semglee OR Basaglar	injection	♦High Alert Medication Limit 1 per statbox (Basaglar will be delisted May 31, 2025)	
lidocaine 1% (5mL size)	Lidocaine 1%, Xylocaine 1%	injection		
metoclopramide 5mg/mL (2 mL size)	Maxeran	injection		
naloxone 0.4mg/mL (1 mL size)	Narcan	injection		yes
OLANZapine 10mg/vial	Zyprexa	injection		
sterile water for injection vial (10 mL size)		injection	For injection use only • For other uses, sterile water is nursing supply	
tinzaparin 4500 unit/syringe (unit dose syringe)	Innohep	injection	♦High Alert Medication	COVID-19 optional
vitamin K1 10mg/mL (1 mL size)	Vitamin K1 (phytonadione)	injection	Restricted RS-05 •May also be given orally	yes

OLANZapine 2.5 mg	Zyprexa	oral		
omeprazole 20 mg	Losec	oral		
oseltamivir 30 mg	Tamiflu	oral		yes
oseltamivir 75 mg	Tamiflu	oral		yes
pantoprazole magnesium 40 mg	Tecta	oral		
penicillin V potassium 300 mg	Pen-VK	oral		
phenyTOIN 50 mg chewable tablets	Dilantin	oral		
predniSONE 25 mg (provided as half 50 mg)	Deltasone	oral		
predniSONE 5 mg	Deltasone	oral		yes
QUEtiapine 12.5 mg (provided as half of 25 mg)	Seroquel	oral		
ramipril 1.25 mg	Altace	oral		
ranitidine 150 mg	Zantac	oral		
risperiDONE 0.25 mg	RisperDAL	oral		
sodium polystyrene sulfonate	Kayexalate	oral	*as pre-measured 15 g doses	
sulfamethoxazole 400mg / trimethoprim 80mg	Septra Single Strength	oral	*2 tablets for Double Strength	yes
traZODone 12.5 mg (provided as quarter of 50 mg)	Desyrel	oral		
valACYclovir 500 mg	Valtrex	oral		yes
valsartan 40 mg	Diovan	oral		
warfarin 0.25 mg (provided as quarter of 1 mg)	Coumadin	oral	◆High Alert Medication	
warfarin 0.5 mg (provided as half of 1 mg)	Coumadin	oral	◆High Alert Medication	
warfarin 1 mg	Coumadin	oral	◆High Alert Medication	yes
warfarin 2 mg	Coumadin	oral	◆High Alert Medication	yes
warfarin 2.5 mg	Coumadin	oral	◆High Alert Medication	yes
zopiclone 2.5 mg (provided as half of 5 mg)	Imovane	oral		
zopiclone 3.75 mg (provided as half of 7.5 mg)	Imovane	oral		

CONTROLLED SUBSTANCES Medication List

The decision to carry the following narcotics as stock or resident-specific should be based on site-specific safety and needs assessment. Resident-specific is preferred.

*All Narcotics appearing on this list are ♦High Alert Medications.

*Diazepam injectable, lorazepam injectable, and midazolam injectable are also ♦High Alert Medications

• For storage, labelling and handling requirements, please refer to the AHS Management of High-Alert Medications policy, procedures and guidelines

Product Description	Reference Trade/Brand Name	Route	Category and Comments
diazepam 5 mg/mL (2 mL size)	Valium	injection	Targeted Substance
fentaNYL 50 mcg/mL (2 mL size)		injection	Narcotic •Restricted RS-31
HYDROmorphone 2 mg/mL (1 mL size)	Dilaudid	injection	Narcotic
LORazepam 4 mg/mL (1 mL size)	Ativan	injection	Targeted Substance •Refrigerated item •Only for units with a demonstrated need
midazolam 1 mg/mL (2 mL size)	Versed	injection	Targeted Substance
morphine 10 mg/mL (1 mL size)		injection	Narcotic
codeine 15 mg		oral	Narcotic
codeine 15 mg / acetaminophen 300-325 mg / caffeine 15 mg	Tylenol #2, Lenoltec #2	oral	Narcotic
codeine 30 mg / acetaminophen 300-325 mg / caffeine 15 mg	Tylenol #3, Lenoltec #3	oral	Narcotic
codeine 8 mg / acetaminophen 300-325 mg / caffeine 15 mg	Tylenol #1, Lenoltec #1	oral	Narcotic
HYDROmorphone 0.25 mg (provided as quarter of 1 mg tablet)	Dilaudid	oral	Narcotic
HYDROmorphone 1 mg/mL oral liquid	Dilaudid	oral	Narcotic
