

PRIMARY HEALTH CARE INTEGRATION NETWORK: 3-YEAR PLAN OVERVIEW

Keeping Albertans well in their communities – on their terms

Who we are

Patients deserve the best care possible as close to home as possible. The Primary Health Care Integration Network, part of the Strategic Clinical Network™ family, is assisting health, social and community organizations across the province to become even more coordinated, so we can help all Albertans live their healthiest lives. We bring together people who are already doing groundbreaking integration work and research, and we share that promising work across the province.

Our plan

We have now published a three-year plan — our transformational road map — for further integration of health, social and community supports in Alberta.

Here are a few highlights of that plan:

Our areas of focus

System Foundation for Integration

Keeping Care in the
Community

Linking to Specialists
and Back

Transitioning from Home
to Hospital to Home

We will

1. Find and share leading practices to achieve integration across Alberta
2. Collaboratively seek solutions for current integration problems
3. Accelerate spread and scale of initiatives in order to achieve significant system improvement
4. Advance innovation to create the health neighbourhood

Learn more!

For more information on why integration matters and the activities we have planned for each area of focus, read our [Transformational Road Map](#).

Get involved

No matter who you are or where you work, if you are interested in integrating the health system in Alberta, we want to connect with you. PHC.IntegrationNetwork@ahs.ca
