

# Caregiver Centered Care: Supporting Family Caregivers

---

*Shared Decision Making is defined as the “collaboration between patients and providers, which considers patients’ values and preferences alongside evidence to make the best decisions.”*

**Webpage:** [Caregiver Centered Care](#)

## **What is this resource?**

This is an educational resource webpage for patients/families and healthcare providers how to communicate and support caregivers.

## **How does this resource relate to Shared Decision Making (SDM)?**

Caregiver Centered Care is about how to support caregivers who are the key support in communicating between the health provider and the patient. This resource provides education and information on how to involve caregivers effectively with shared decision making approaches.

## **How can I use this resource?**

This resource webpage provides downloadable tools and resources for providers to use.
