

There are 2 ways to extend the time of your parking at Foothills Medical Centre:

- 1) You can pay for parking directly from your cellphone, while staying in the clinic, by downloading the **AHS parking App** (free from the Apple App Store or Google Play).

You can extend your parking time, and the App will send you alerts when your parking time is about to expire.

Please enter **zone 6010** to pay for your parking with the AHS Parking App.

- 2) You can extend your parking time at any pay station; you do not need to return to the pay station you used upon arrival. **Pay stations** are found in the elevator lobbies of the parkades, and inside of main building entrances.

For Foothills Medical Centre Parking information, please scan the following QR code using your cell phone camera.
