

# Palliative Pain & Symptom Workshop

This is a one day workshop that focuses on a palliative approach and management for this population. The learning format is lecture based, with inclusion of case studies and encourages an interactive environment. Topics presented include: pain, dyspnea, nausea, depression/anxiety/total suffering, communication, delirium, palliative sedation and end of life care. The topics are presented with a focus on a nursing environment in community and acute care.

**Please note: This workshop has been developed for RN's and LPN's.**

Other allied health are welcome to attend.

### If you are interested in attending:

\*AHS employees may register through [MyLearningLink](#).

\*Non-AHS employees please complete our [registration form](#) and email it to:
