

# Continuing Care Facility Directory

## What is the Continuing Care Facility Directory?

The Continuing Care Facility Directory (CCFD) is a comprehensive online directory which showcases information on continuing care facilities for Albertans to help make the process of finding care and accommodation easier.

## What kind of facilities will I find on the CCFD?

The CCFD includes all types of continuing care facilities and accommodations. This includes sites operated by Alberta Health Services (AHS), contracted service providers and private providers. These sites are split into two different categories:

- **Spaces accessed through an AHS Case Manager** include a comprehensive list of designated supportive living and long term care facilities.
- **Spaces accessed through a site directly** include seniors' lodges and supportive living facilities. Participation on the CCFD is optional.

## How will it help my search for care and accommodation?

Enhanced navigation upgrades will allow you to filter search results and provide a more comprehensive picture of the options available for care and accommodation based on yours or your loved ones' needs.
