

COVID-19

24/7 on-call assistance now available for ethical concerns

In response to the COVID-19 pandemic, AHS made the difficult decision to limit the interactions between patients, residents, families and visitors in order to ensure their safety, as well as the safety of physicians and staff providing their care. These decisions have not been taken lightly, and we understand it has been difficult for all involved.

To help our staff during this time, the AHS Clinical Ethics Service 24/7 rapid response ethics consultation service is available to respond to questions and issues relating to family presence and visitation guidelines, in addition to other COVID-19 related questions by calling 403-689-3548.

For other clinical ethics inquiries, please email clinicalethics@ahs.ca or call 1-855-943-2821. The AHS Clinical Ethics Service is available for any care provider seeking support and assistance in resolving difficult or ethically challenging situations.
