

COVID-19

Masks are required for your home care visit

- You and your healthcare worker must both wear a mask during visits when you cannot keep 2 metres (6 feet) apart
- Anyone else in your home must also wear a mask if they cannot keep 2 metres (6 feet) apart
- You will be offered a mask when your healthcare worker arrives
- Before arriving, your healthcare worker will screen you for COVID-19 symptoms
- Please also wash or sanitize your hands before and after every home care visit
- If you have any questions about wearing a mask, please ask your home care case manager or visit ahs.ca/covid.
