The situation with coronavirus (COVID-19) is changing rapidly across Canada. The Multiple Sclerosis (MS) Society of Canada is closely monitoring information on COVID-19 as released by the Public Health Agency of Canada and other public health authorities. The health of the MS community is our priority as we manage through concerns related to COVID-19. Visit our website for up-to-date information about COVID-19 and MS.

Our MS Navigators are available Monday – Friday to anyone in Canada from 8am – 8pm ET to answer your questions about COVID-19 and MS. MS Navigators are trained to help you with:

- Information about MS, symptom management and the latest research
- Navigating health and community services
- Practical assistance finding income and employment support, financial planning and more
- MS Navigators can be reached at msnavigators@mssociety.ca or 1-844-859-6789.
