Before leaving this room, family members, designated support persons and visitors must:

1. Remove gloves

2. Clean hands with alcohol-based hand rub or soap

3. Remove gown

4. Clean hands with alcohol-based hand rub or soap

5. Remove respirator

6. Clean hands

7. Put on mask

8. Clean hands

Before leaving this room, patients must:

1. Clean hands with alcohol-based hand rub or soap

2. Put on mask

3. Clean hands with alcohol-based hand rub or soap

Tips

- Open respirator or mask fully to cover from nose to below chin
- If the respirator or mask has a nose bar, pinch around your nose
- Avoid touching the respirator or mask or your face under the respirator or mask
- If the respirator or mask becomes damp, clean your hands and replace it
- Do not touch the front of the respirator or mask. Remove using the ties or elastic loops
- Never reuse a respirator or mask
- Mask is to be worn with blue side out
