Your child has one or more of these COVID-19 symptoms that are new, worsening or not related to other known causes: Fever  •  Cough  •  Shortness of breath  •  Loss of sense of smell or taste

Note: Chronic symptoms that can be explained by a pre-existing medical condition (e.g. allergies) would be considered part of the child’s baseline health status. As long as these symptoms do not change, the child can continue to attend school/childcare. A child should have one negative COVID-19 test to establish this baseline.

Guidance

Your child is legally required* to isolate

A COVID-19 test is recommended

Testing

Decide if your child will be tested for COVID-19

Do: Book a COVID-19 test for your child
- Online: ahs.ca/covid
- By phone: Call Health Link at 811
  Try to book a test that is within 24 hours of your child’s symptoms starting

Do: Go to the COVID-19 test with your child

Test Result

Get your child’s COVID-19 test result

It may take 1 to 3 days to get your child’s test result

- All individuals who test positive for COVID-19 will be contacted by a member of the AHS Public Health team for follow-up and case management
- For more information about getting your child’s COVID-19 test result, go to ahs.ca/results

Next Steps

Have you been told by AHS that your child is a close contact of a person who tested positive for COVID-19?

Yes

What to do
Your child is legally required to stay home and isolate for 10 days from the start of symptoms, or until they are gone, whichever is longer.

Household members must stay home for 14 days from their last exposure to the case.

No

What to do
Your child is no longer legally required to isolate, but should stay home from school, childcare and other public spaces until they feel better.

Household members are not required to isolate as long as they are asymptomatic.

Have you been told by AHS that your child is a close contact of a person who tested positive for COVID-19?

Yes

What to do
Your child is legally required to stay home and isolate for 14 days from their last exposure to a confirmed case of COVID-19. If your child’s symptoms remain after these 14 days have passed, they should stay home from school, childcare and other public places until they feel better.

Household members should stay home for 14 days.

No
