Sotrovimab easy reference guide

Step 1: Confirm your patient is eligible.
Visit ahs.ca/covidopt
or scan this code.

Step 2: Either refer the patient to the
FAQs on website above or scan
this code to print and give them
the FAQs.

Step 3: For eligible patients being discharged from
an Emergency Department, direct them to call
1-844-343-0971 (a dedicated Health Link number)
to get sotrovimab treatment.

Step 4: If you want to give a patient sotrovimab in ED:

- Verify their eligibility
- Get procedural consent
- Order the medication your hospital's pharmacy
- The Monoclonal Antibody Program (MAP) team cannot follow up with patients infused in an ED
