COVID-19: Visitation Restrictions at Continuing Care Facilities

Thinking of supporting or visiting a resident in continuing care?

COVID-19 may affect the continuing care environment, including for residents and their families. The Alberta government has issued guidance for visiting and supporting residents in continuing care facilities. Here are some key points:

- Visiting is restricted to essential visits only.
- Essential visits include medical appointments, essential caregiving, and emotional support for terminally ill patients.
- Essential caregivers must be registered with the facility.
- Visiting hours are limited to ensure the safety of residents and staff.
- Masks are mandatory for all visitors.
- Hand sanitizer and handwashing facilities are available.
- Visitors are required to maintain physical distancing of at least 2 meters.
- Visitors must not visit if they have symptoms of COVID-19 or have been in contact with someone who has.

For more information, please visit the Alberta Health Services website: https://www.albertahealthservices.ca/en/about/coronavirus/visiting.html
