How does COVID-19 vaccination happen (What to expect with your COVID-19 immunization)

- Get your COVID-19 vaccination
- Stay home or wear a mask. Take a break from your activities
- Wear a mask.
- Your appointment will be kept safe
- Stay in your car or go to sleep.
- Expect to feel a little bit of discomfort 15 minutes after the injection.

Together, we're in this together. We'll get through it together.
