What We Heard Summary

The Government of Alberta and Alberta Health Services are jointly hosting a series of engagement conversations across Alberta over Summer and Fall 2022. The Provincial Health Tour has been designed to allow for Alberta Health and Alberta Health Services to engage with our healthcare staff, partners and stakeholders in communities from across the province; to share current approach and priorities, discuss current state and future opportunities, celebrate our successes and work together to identify strategies to address challenges within the healthcare system.

Rimbey

13 Internal and community stakeholders participated representing healthcare staff, physicians and community leaders

Dr. Braden Manns, VP, Provincial Clinical Excellence, shared the AHS Health Plan and priority areas, as well as the challenges and opportunities for our future vision.

MLA Garth Rowswell (Vermilion-Lloydminster-Wainwright) and Jason Nixon (Rimbey-Rocky Mountain House- Sundre) accompanied Minister of Health, Jason Copping, who provided an update on healthcare including sharing successes and an update on Government investment and areas of focus.
Alberta Health Highlights

Budget

Alberta Health’s budget is $22B, and anticipated to increase by $600M a year over the next three years including key investments as follows:

- $64M increase to EMS budget
- $60M in new funding over three years to expand recovery-oriented support for people experiencing addiction and mental health issues
- $3.7B for continuing care, community care and home care programs
- $3.5B over three years in capital funding for health facilities, equipment and IT systems across the province
- The Health Capital plan also includes $45M over three years for the Rural Health Facilities Revitalization Program

Physician Recruitment

Approximately $90M is being spent in 2022 including:

<table>
<thead>
<tr>
<th>Rural Remote Northern Program:</th>
<th>~$57M</th>
<th>Rural Medical Education:</th>
<th>~$6M</th>
</tr>
</thead>
<tbody>
<tr>
<td>Rural Integrated Community Clerkship Program:</td>
<td>~$4M</td>
<td>Rural Health Professions Action Plan (RhPAP):</td>
<td>~$9M</td>
</tr>
<tr>
<td>Locum Program:</td>
<td>~$3M</td>
<td>Rural Physician On-Call program:</td>
<td>~$12M</td>
</tr>
</tbody>
</table>

Alberta Health is working with RhPAP on its Rural Education Supplement and Integrated Doctor Experience (RESIDE) program to help address challenges in rural and remote areas.

System Recovery

Over the next three years, AHS will perform between 20 and 23 per cent more surgeries compared to 2018-19 to reduce surgical wait lists.

AHS will return to pre-pandemic surgery wait list status by the end of 2022-23.

AHS is resuming many regular public health activities in 2022-23.

AHS will add 50 permanent, fully staffed ICU spaces by the second quarter of 2022-23.

Government is providing funding for more ground ambulances and additional EMS staff.

In each of the next three years, AHS will add about 1,000 new continuing care spaces and increase the number of unique home care clients by four per cent.

AHS Health Plan 2022-25

AHS is entering a new era of transformation and innovation. The Health Plan 2022-25 is the roadmap for this exciting journey. At the heart of this plan are the 10 priorities that align with direction from the Minister of Health and reflect feedback from patients, clients and families who have received care from AHS.

The 10 priorities are:

1. Alberta Surgical Initiative
   Implementation of the Alberta Surgical Initiative ensuring that, by 2025, all Albertans receive their scheduled surgeries within clinically approved wait times.

2. EMS 10-Point Plan
   Implementation of the EMS 10-Point Plan, designed to improve EMS services and availability, especially in rural and remote communities.

3. Mental Health and Substance Use Recovery
   Mental health and opioid recovery, which includes adding AHS-managed treatment spaces, and expanding in-person and virtual recovery-oriented programs and services.

4. Pandemic Response and Recovery
   Pandemic recovery, which involves adding acute care spaces (ICE beds), supporting continued access to vaccines and treatments to COVID-19, and establishing specialty clinics to support Albertans with ongoing COVID-19 symptoms.

5. Digital Health Evolution and Innovation
   Digital health evolution and innovation, including the ongoing rollout of Connect Care and continued expansion of virtual health to support more community – and home-based care, programs and services.

6. Rural Initiatives and Engagement
   Rural engagement and rural initiatives, to strengthen partnerships with rural communities, to better support the rural healthcare workforce and to better meet the unique needs of Albertans living in non-urban communities.

7. Continuing Care
   Continuing care, increasing the numbers of continuing care spaces and living options, expanding home care hours, and shifting reliance from facility – to home-based care when appropriate.

8. Workforce Recruitment and Retention
   Workforce recruitment and retention, which involved supporting our current workforce following more than two years of pandemic response, as well as recruiting and retaining needed healthcare workers.

9. Quality of Patient Outcomes
   Quality of Patient Outcomes, ensuring patient safety and high-quality care are maintained and enhanced during a period of transformative change in the organization.

10. Sustainability
    Financial sustainability, ensuring that AHS is run efficiently, with Albertans getting full value for every health dollar.

At the event, we held a working session where participants reflected on the following questions:
What We Heard – Provincial Tour Fall 2022
Rimbey

- What is our healthcare system doing well?
- What challenges currently exist within the system?
- In addition to what is currently being done, how can we better address challenges?

Here’s a sampling of what we heard in Rimbey.

**What we are doing well**

Rimbey participants identified a ‘great, positive” local healthcare workforce as a main example of what is working in the community. The stakeholders in attendance sited an innovative team of professionals increasingly engaged in innovative progress and collaborations including community support programs and virtual healthcare and focusing on preventative care.

Participants sited Rimbey as one of the most well-funded authorities per capita with excellent resources including diagnostics and equipment.

*Community partnerships* were sited as strong in Rimbey, while *primary care* was highlighted as an integral success stories.

**Top healthcare challenges and opportunities**

Delays in surgeries and a rural physician shortage are of significant concern to Rimbey participants. Care disruptions due to staff shortages, a lack of resources, long wait times, and a lack of access to a family physician were of high concern to the Rimbey guests. Several feared for the implications around transportation, wait times and access impediments around EMS and general ambulatory care.

Participants called for stronger community partnerships and communication and collaboration between agencies. They feared a mistrust and misalignment between physicians and community agencies and called for greater education and programs. Participants expressed a desire to enhance service from nurse practitioners to help alleviate the challenges of physician shortages and the lengthy referral wait times and access as a result.

Much concern was raised around rural limitations including losing or delaying EMS and other service to urban centres.

“Rural healthcare has a can-do attitude.”

“We have good doctors but we need to be willing to look at or try options to utilize what's in our community.”
What We Heard – Provincial Tour Fall 2022
Rimbey

Participants articulated the need for **better incentives** and **educational opportunities** to meet **workforce** demands. They also wanted to localize some of the **decision-making power** affecting their quality of care.

**Evaluation of event**

Of the 8 Rimbey individuals who completed a survey:

- 8 (100%) responded that the topic was highly relevant, and something they wanted to know more about (4 ranked as 5 out of 5; 4 as 4)
- 8 (100%) felt strongly that the session was a good use of their time (4 ranked as 5 out of 5; 4 as 4)

Participants said they appreciated the opportunity to be heard and said they felt the interest and concern for Rimbey was genuine. Many commented that it was clear that “everyone cares,” and that the will is in place to meet the extensive challenges in healthcare.

**Next steps**

- All notes and partnership ideas generated from the Provincial Health tour will be shared with Alberta Health and Alberta Health Services leadership.
- A regular newsletter is being distributed to event registrants and participants.
- A report and recommendations will be produced by Alberta Health.

**Thank you**

We are grateful to all who took the time to meet with Alberta Health and Alberta Health Services leadership to discuss the future of healthcare in Alberta. Your experience and personal insights will inform future planning and changes that will improve healthcare for all Albertans.
