

The Alberta Addiction and Mental Health Research Hub 2019 Depression Research Priority Grant Application Template

Please submit a word document or pdf containing:

1. Primary applicant information:
 - Name
 - Organization and department
 - Email address
 - Phone number
2. CIHR Biosketch CV for the primary applicant
3. Does the application involve:
 - Primary data collection
 - Knowledge translation
4. List which of [Alberta's Top 11 Depression Research Priorities](#), as determined by Albertans with lived experiences, your research proposal aims to address.
5. A research proposal, including the importance of the work, the methodology and anticipated outcomes (maximum 600 words).
6. Explain how the proposed research addresses the depression research priority identified in item 4 (maximum 300 words).
7. A budget for the project, including justification and relevant details for the requested amount. Proposals for primary data collection may be funded up to \$20,000, proposals for knowledge translation may be funded up to \$10,000.
8. A timeline for the research project (maximum 300 words).
9. Has this proposal received other funding from the Alberta AMH Research Hub or AMH SCN?

Please email your completed application to AMH.ResearchHub@ahs.ca. If your application is successful, the Alberta AMH Research Hub will contact you with additional information.
