## February 2019

### Sexual and Reproductive Health Awareness Week

For the month of February, let's continue talking about topics highlighted by [Sexual and Reproductive Health Awareness Week](#), February 11 – 15th. Schools support the overall health of their students and create healthier school communities when sexual health is part of the discussion. Administration can promote reliable information to [parents](#) on the school's website. Teachers can increase their knowledge by learning from credible sources, such as [Teaching Sexual Health 101](#). Students can get involved by advocating for a peer support program. The more support available, the more options students have to access help and reliable information.

Need support? Every school jurisdiction in Alberta has an assigned Alberta Health Services staff member to support [Comprehensive School Health](#). To find out who the contact is for your jurisdiction email: [healthychildrenandyouth@ahs.ca](mailto:healthychildrenandyouth@ahs.ca)
