

AHS Key Messages Regarding Re-entry

La Crete and Area, June 2019

Key Messages

- The Advanced Ambulatory Care Centre will be re-open for medical services as of 1400hrs on Monday, June 24, 2019.
- During re-entry and in the first few days following re-entry, only limited services will be available. The care centre will return to full operating capacity as soon as possible.
- AHS is working with the local community to develop strategies to mitigate the risks for individuals with complex medical needs.

Residents with the following medical conditions or situations should **not** return to the community until the care centre is fully operational and the air quality in the area has improved:

- A chronic or acute medical condition, such as asthma
- Anyone requiring regular primary care, specialist care, laboratory or diagnostic services
- Anyone more than 36 weeks pregnant or with a high-risk pregnancy
- Anyone receiving cancer treatment, dialysis or other specialized medical services
- Anyone requiring home care, home oxygen or home health supports
- Anyone recently discharged from hospital or who has had a transplant

Mental Health Supports

Returning home after a wildfire evacuation can be a particularly stressful and traumatic experience. If you need to talk, supports are available 24/7 through the Mental Health Help Line at 1-877-303-2642 or Health Link at 811.

Walk-in services for individuals experiencing addiction and mental health concerns will be available at the Advanced Ambulatory Care Centre beginning Monday, June 24, 2019 at 2 p.m.
