Mobile mammography service to visit Evansburg

EVANSBURG — Women ages 50-74 — the group most at risk of developing breast cancer — will have local access to mammography services when the Alberta Health Services Screen Test program arrives in the community.

A mobile mammography trailer will be stationed at the Evansburg Baptist Church at 4804 48 Avenue on March 30, 31 and April 1, 2021. Residents can book an appointment or learn more about the program by calling 1-800-667-0604.

Screen Test is improving access to cancer screening for hundreds of women in Alberta communities where mammography is not readily available.

A mammogram is an X-ray of the breast and has proven to be the most effective way to detect breast cancer. Early detection allows for a greater number of options for treatment and a better chance of survival.

Due to COVID-19, Screen Test is taking a number of precautions to ensure the safety of our clients and staff. Details will be shared when you call to book your appointment.

Visit <https://screeningforlife.ca/breast/screen-test-mobile-clinics/> for more information and a complete listing of Screen Test mobile sites.

Alberta Health Services is the provincial health authority responsible for planning and delivering health supports and services for more than four million adults and children living in Alberta. Its mission is to provide a patient-focused, quality health system that is accessible and sustainable for all Albertans.
