Mobile mammography service to visit Langdon

LANGDON — The Screen Test program will be in Langdon in October and November to provide screening mammograms to eligible individuals aged 45 to 74.

A mobile mammography trailer will be at the Langdon Save-On Foods parking lot (#101 97 Centre Street SW) on October 30-31 and November 1st.

Screening is available at no cost for eligible individuals but appointments are required. Call 1-800-667-0604 to book an appointment or learn more about the program.

A mammogram is an X-ray of the breast. Screening mammograms are the best way to find breast cancer early when treatment may work better. Getting screened for breast cancer saves lives.

More information about breast cancer screening and who is eligible can be found by visiting https://screeningforlife.ca/breast/get-screened/#who_should_get_screened.

Visit <https://screeningforlife.ca/breast/screen-test-mobile-clinics/> for more information and a complete listing of communities that the Screen Test mobile visits.

Screen Test is improving access to cancer screening for thousands of individuals in Alberta communities where mammograms are not readily available.

In addition to mobile mammography clinics, screening can also be performed at specific radiology clinics and some hospitals. Individuals aged 45 to 74 can discuss their breast cancer risk with their healthcare providers to determine whether screening is appropriate for them and book with a radiology clinic or with Screen Test mobile mammography. For more information, visit screeningforlife.ca/where-to-get-screened.ca.

Primary Care Alberta is a made-in-Alberta solution to improve access to the primary care services Albertans rely on. By delivering coordinated services, Primary Care Alberta allows for valued healthcare professionals to do what they do best — care for you. Together, we are creating a future where compassionate, timely and effective healthcare is available to every Albertan at every stage of life.
